### Commission Items

Mary Jo suggested future collaborations with civic organizations such as the "Frederick County Women's Commission" by taking these groups on Park Tours. These organizations might learn more about our County parks and take that information back to their organizations.

Dave inquired about Buckeystown Park. Dave also noted that our County Parks and Recreation Map contains both Recreation Centers and Parks. He was wondering if that map could be divided to one map with Recreation Center and one map with Parks? Jeremy stated it was something that could be looked into. Howard stated that he continues to attend the FC Rural and Scenic Roads Advisory Committee meetings, in an effort to continue the synergy between the FC Rural and Scenic Roads Advisory Committee and Frederick County Parks and Recreation given that a number of our parks are located on these roads and should be represented on respective maps.
